Re: Operations Department Update

OVERVIEW OF PAST MONTH

1. In the past month we have had one main line repair. It was in Summit Park on Woodland Drive
2. The distribution team has been working on PRV and hydrant maintenance.
3. Atkinson Well 2 upgrades are ongoing. Brushing and bailing are complete and waiting on videoing next week. Pump and motor install is scheduled for the end of April.
4. The Nugget Well pump and motor is scheduled for installation at the end of next week. Well 15B and Blackhawk 2R are installed and up and running
5. Lost Canyon staff had the footings installed for the new shop building and transformer installation and staff pigged the Lost Canyon pipeline on April 9th. All went well.(see photo)

FOCUS FOR NEXT MONTH:

1. Jailhouse Well, Nugget Well and Atkinson Well 2 installations.
2. Lost Canyon staff working on pump 1 upgrades and new building installation.
3. Old Stone House flow control station upgrades for the Northridge area.
4. Sun Peak Well 3 electrical upgrades.
5. White Pine booster upgrade.
